

Do you need assistance with medication costs? Here are some resources that may be able to help!

Working directly with doctors and pharmaceutical companies, these programs may help you with medication costs. Medication Assistance Programs (MAP) may cover some or all of your medication costs. Note: Income restrictions may apply.

You may qualify for assistance if:

- You are a U.S. citizen or resident
- Don't have insurance or your insurance does not cover medications
- You are on Medicare and in your coverage gap.
- You currently can't afford your medications

Some available resources:

These resources and companies are not endorsed by or affiliated with MHMR Tarrant. This list does not include every service or resource available for medication cost assistance. Please feel free to do your own web search for 'how to pay for my medications' for more resources.

Visit your medication pharmaceutical company's website for information on company sponsored programs
